

Take Home “Quiz”

Tell me a little about yourself and your mathematics background. Please turn this in by tomorrow (Friday). You may slide it under my office door (Olin 234) if I'm not there. I'm giving this out for a couple of reasons- I'd like to know you better, and I'd like to know what kinds of applications of math you'd like to see. Feel free to write as much or as little as you'd like.

Name:

Class (Freshman, Sophomore, etc.):

Major (or possible major):

When did you take Calc I:

Why are you taking Calc II?

What has your past mathematics experiences been like?

Have you taken any Physics courses? Biology? Chemistry? Psychology? Economics? Have you seen Calculus being used in those courses?

Are there some other things you're interested in?
