The “quiz” for the last week is to solve the given problems using Maple. There will be some help with the commands on the class website.

The final exams are scheduled by the Registrar’s office. Currently, the 1PM section has its final scheduled for Tuesday, May 15th, 2-4PM. The 2:30 section is scheduled for Saturday, May 12th, 9-11AM. You may switch section times (if your schedule allows) but let me know in advance so that I can keep track of where everyone is.
