

Grading Criteria, Biorhythms Lab

The Biorhythms Lab will be worth 15 points, so each item below is worth approximately 3 pts each.

- The solutions should be complete, and written in complete sentences.
- Include at least one figure from Maple, and a reference to it in the text (using `\label` and `\ref`). See the example in this week's list of handouts.
- Include at least one numbered (and labeled) equation with a reference to it in the text. See the example in this week's list of handouts.
- Solutions should be mathematically correct.
- Solutions should use Maple appropriately.
