

# Math 235: Calculus Lab

Prof. Doug Hundley

Whitman College

Week 14

# Our Last Session!

Be sure to fill out course evaluations! (You may wait until the end of finals week)

Main Course Goals:

1. Learn to use Maple.

# Our Last Session!

Be sure to fill out course evaluations! (You may wait until the end of finals week)

Main Course Goals:

1. Learn to use Maple.  
Use Maple to perform computations and plots.
2. Learn to use  $\text{\LaTeX}$ .

# Our Last Session!

Be sure to fill out course evaluations! (You may wait until the end of finals week)

Main Course Goals:

1. Learn to use Maple.  
Use Maple to perform computations and plots.
2. Learn to use  $\text{\LaTeX}$ .  
Also, learn some basics about writing mathematics.
3. Learn to use Beamer.

Be sure to fill out course evaluations! (You may wait until the end of finals week)

Main Course Goals:

1. Learn to use Maple.

Use Maple to perform computations and plots.

2. Learn to use  $\text{\LaTeX}$ .

Also, learn some basics about writing mathematics.

3. Learn to use Beamer.

And get some experience giving a short oral presentation.

Secondarily, I hope you've learned some new and interesting mathematics (Biorhythms, Clairaut's Theorem, Surfaces and Curves!)

# Grading Presentations

Grading will be based on 4 criteria (and you will grade your fellow speakers):

- ▶ Slides:

# Grading Presentations

Grading will be based on 4 criteria (and you will grade your fellow speakers):

- ▶ Slides: Math typesetting, margins, figures, etc.
