

Peer Review, First Draft (Math 497, Spr 2026)

Reviewer's Name: _____

Author's Name: _____

Item	Constructive Feedback
Clear Thesis or Goal: Does the Introduction clearly state the main goal or question of the paper?	
Is there a natural progression of sections and ideas?	
Is the topic, or the presentation, so broad that the ideas are treated only superficially?	
Do some sections work better than others? Why?	
Is there adequate supporting research (citations)?	
Is the writing style clear and readable?	

Part III: Summary:

1. The Single Greatest Strength:

What is the strongest aspect of this paper (e.g., the rigor of the proofs, the clarity of the introduction, the depth of research)?

2. Top Three Priorities for Revision:

Based on your review, what are the two most important changes that you would recommend?

1. _____

2. _____

3. General Comments?
